RE: CHV Stop Sign Removal

Dear Cherry Hill Village Resident:

This communication is to inform residents why four temporary stop signs were removed from Jackson Ln at Harrison St. and Taft Ln.

The four temporary stop signs were installed without approval from Canton Township Engineering and Canton Township Safety.

In order to proceed with CHVHA proposed traffic plan change, Canton Township requires that CHVHA proposed traffic plan be signed and certified by an engineer, and all traffic signs that were installed without approval be removed. The engineering company that designed the original traffic plan and CHVHA proposed traffic plan change, will not sign off until all signs are in compliance with the original traffic plan.

We will move forward by verifying that all signage in CHV is compliant to the original traffic plan for before re-submitting the proposed traffic plan change.

We apologize for any inconvenience.

Thank you for your patience.
